Service type: Household () Commercial () Other () _____

Person responsible for payment _____

Request service to be installed by (date) _____

(Terms and Conditions)

By making this request I do hereby acknowledge that subject to a determination by the Tribe that there is adequate capacity I will pay a fee based on the current approved YPUD rate schedule under section A, table A-1 for the installation of this Domestic or Commercial Water service. I also acknowledge that there will be a \$75.00 non-refundable account setup fee in my name, *in addition to a flat monthly fee which is based on the current YPUD Rate Schedule under section A, table A-2, for a standard residential quantity of water, for which I am responsible.* I also understand that as the person requesting this service connection and signing this agreement that I am the person responsible for the payment of this connection fee, account setup fee, and monthly water chargers. I also agree to conform to and abide by all the rules of this agreement, and understand that failure to pay my monthly water bill, capital bill, setup fee, may result in termination of my water service and or a lien being placed on my property for all sums due plus reasonable administrative costs including but not limited to attorney and court filing fees. I understand that in the event that water service is terminated for failure to pay there will an additional reconnect fee which is currently \$75.00. I also agree that at which time I decide to vacate this residence I will notify the Yurok Tribe and declare this account inactive in order to avoid further monthly charges accrued in my name. NOTE: Property owner only can make this request. I recognize that from time to time there will be rate increases for the use of water.

I consent to the jurisdiction of the Yurok Court for the purpose of enforcing the obligations under this contract, to access by the Yurok Tribe and or Public Utilities District for repairs and upgrades of the water system, to the jurisdiction of the Yurok Tribe to administer and comply with all Federal, State, health, water supply, and water quality laws, and to Yurok Tribal regulations necessary to provide for the health, safety, and security of water users.
